Dear NAME,

On behalf of the American University Library, I extend my deepest gratitude for your generosity and investment. Gifts to the Visionary Fund allow us to equitably expand resources, materials, and the diversity of our student-centered programming and events, ensuring a cornucopia of learning opportunities.

Our events seek to help our students engage with and expand their understanding of the world they seek to change. During *Sounding the Alarm*, through our partnership with the Pulitzer Center on Crisis Reporting, students engaged with journalists and regional experts as they discussed underreported systemic issues and the rise of authoritarianism in Latin America.

Supporting a thriving AU community is an important part of our work. Over the summer Library staff have worked diligently to launch the Digital Research & Inquiry Laboratory. Digital research projects engage our students and support their unique learning journeys, and this new and innovative space provides students with the tools and trained support to go above and beyond with their research.

I am excited to continue updating you on your contribution's impact and our students' accomplishments. If you find yourself in the area, I invite you to view our events calendar as I would love to see you in person at the Library.

Warm Regards,

Jeehyun Davis
